INFORMATION WANTED

Silver State

At least two Federal office-holders in Nevada attended the meetings of the Republican State Central Committee at Virginia City as accredited Representatives. Was this a violation of the Civil Service rules, and the order of the Administration that no Federal office-holder should partisan meetings or conventions? Instances have been published where, under direct instructions from the Administration, Democratic officials were forced to relinquish positions which they held in political organizations under penalty of removal in case of disobedience. Now what we desire to know is whether there are two sets of Civil Service rules, one for the government of Republicans holding office under a Democratic Administration, and the other for the government of the Democrats appointed by that administration, and if Republican officials are permitted to practice with impunity what Democrats are prohibited from doing? Has the meaning of the term "offensive partisan" been changed, or has the Administration arrived at the conclusion that Federal office holders may if they are so inclined participate actively in partisan councils and conventions?

SAL-MUSCATELLE
IN AMERICA
Without the Expense of
an European Journey!

The crystallized salts as obtained in a pure state from grapes and choke fruit in a portable, palatable simple form, are now presented to the public of America as the greatest solvent of impure blood, corrector of the liver and regulator of the bowels—the natural promoter of

HEALTH AND LONGEVITY.

Eminent physicians claim this achievement when in the allied science of medicine as it furnishes the blood with its natural salines that are lost or eliminated every day.

THE BOARD OF COUNTY COMMISSIONERS, acting as a Board of City Trustees have directed me to prohibit ball playing on the principal streets in the town of Reno. Young men boys and others who are or have been in the habit of playing ball in the streets are hereby notified that they will have to quit the practice. The practice is very annoying to the public, being exceedingly dangerous, as a ball is liable at any moment to strike a horse and endanger the life and limb of people.

Message to Gladstone

The following message was unanimously approved and ordered sent to Gladstone.

CHICAGO, May 26, 1886.—To Purnell, House of Commons, London. The Chicago citizens, in mass meeting assembled, request me to express to Mr. Gladstone their appreciation of the services rendered by him to liberty and humanity by the introduction of his bill to restore the legislative independence of Ireland. His ability to overcome prejudice, to view fairly and broadly the present unnatural relations of the English and the Irish people, and his manifest desire to undo the wrongs and remove the dissensions which caused the neighboring island to live in hatred and warfare, do honor not only to his head and heart, but also to the nation and age of which he is so conspicuous a citizen and leader. They also desire me to express their admiration of yourself and your assistants for your tireless efforts in behalf of your country's right to a national Parliament. It is due to truth and history to acknowledge these patriotic and brilliant efforts which made Mr. Gladstone's action possible, and showed the Liberal party of England the necessity of undoing the wrong inflicted upon Ireland when it was returned to provincial vassalage.

RICHARD J. OGLESBY,

Gen. Logan Will Come

Gen. John A. Logan has written as follows in relation to his visit to San Francisco.

SENATE CHAMBER, WASHINGTON, D. C.
May 17, 1886

WALTER H. HOLMES, Esq.—My Dear Sir. I am in receipt of your favor of the 7th inst. You are very kind to take the trouble to arrange for my entertainment while in San Francisco.

I have arranged to leave Chicago for San Francisco on the 24th of July, in company with Governor Alger of Michigan. Mrs. Logan will accompany me, and possible my daughter and one other person.

If it can be so arranged I would like provision made for Governor Alger and his party, which will be, I think, the Governor, Mrs. Alger and two daughters. I cannot now say what day we will arrive in San Francisco, but you will be advised of this in advance of our arrival. Yours, in F. C. and L.

[Signed] JOHN A. LOGAN

Stanford on Chinese Labor

Senator Leland Stanford has written a letter to E. I. Lennon, Secretary of the Citizens Anti-Chinese League of Red Bluff, in response to the resolution adopted by that body, in which he says: The employment of Chinese among farmers has been, I think, fairly a necessity, and is likely to continue so, because good laborers are very soon, in the vast unoccupied resources of our State, find employment in something that offers a better reward than the common farm laborer. Consequently good white labor is difficult to be had. I believe that the sentiment of the people of California is very largely hostile to more Chinese coming into our country, also, that most of our people sincerely wish that the Chinese now in the country were out of it, and in obedience to that end I shall do herein my public duty, whatever I can justly, to restrict Chinese immigration.

The San Francisco correspondent of the Carson Free Lance writes the following:

Down here there seems to be a growing belief that Fair will not be in the field despite his man Forman's earnest assertions to the contrary. The opinion that John Mackay will himself be in the field is gaining ground. In that event Fair would probably withdraw, or if he did not would be entitled to the praise bestowed upon the bull who tried to buck the locomotive off the track. You will remember that it was said of him that his nerve was good, but his judgment was defective.

Steve Gage thinks that any of the Republican candidates named thus far, with money enough to pay the ordinary leg tribute expenses of the campaign, can go far out without the least bit of trouble. He is of the opinion that Fair's unpopularity is too great to be overcome by the use of coin, and besides, he says, the time has gone by when the profuse use of money in Nevada politics can be made available for success. Gage appears to think that Stewart has the pole among the Republican starters.

ANOTHER SURPRISE

The President has nominated John B. Scott for Indian Agent at the Western Shoshone Agency, to succeed John S. Mayhugh, whose term will expire in June. It was generally supposed that S. S. Sears, an old resident and reputable citizen of Elko county, in which the Agency is situated, would be appointed to that position, but the President, it is said, delights in surprises. If such is the fact, he can create a sensation, and pleasantly surprise an overwhelming majority of the citizens who voted for him, by changing the financial policy inaugurated by Secretary Sherman ten years ago, so as to accord with their views.

But who is Scott, and where does he hail from?—Silver State.

John B. Scott, recently appointed Indian Agent, is supposed to be a man who formerly lived for a time in Pine Valley, Elko county, and more recently in Eureka county, and who a year or two since returned to his native State, Virginia, though we are not positive as to his identity.

While upon this subject we desire to state that we appreciate the many favorable notices which have appeared in the papers of the State regardless of party predilections, with reference to the appointment of the proprietor of this paper to the position, and extend thanks for the courtesy, but the fact has gone forth which settles the matter, and we submit gracefully to the inevitable.—Elko Independent.

THE FIRST CALL

Walker Lake Bulletin

As will be seen by the Americans of the Republican State Central Committee in another column, a State Convention is called for September 24th. A full State ticket will be nominated and Republicans have plenty of time to consider the merits of the several possible and certain candidates.

This is the first call of preparation for the political fray and from now until November, nobody will be at a loss for conversational topics. Candidates both, avowed and undecided, will be careful to advocate what they regard as popular measures. The different methods of different people will be shown within a short time. The Republican call for a convention will cause the straightforward, earnest people who intend going into the fight, to declare their intentions, while the class who think that the waiting, undecided policy is best, will calculate their chances and deny their aspirations while preparing a key to unlock the back door of the convention before which they must finally appear.

The candidate who is announced early usually has advantage over the tardy, fearful applicant, but he also has to suffer somewhat more from the importunities of unscrupulous men who consider their vote or assistance as so much merchantable commodity. However, the people respect a man who has wind enough to know what he wants and energy enough to ask for it promptly and manfully.

AN UNPLEASANT PREDICAMENT

Silver State

According to reports, four-fifths of the people of Carson are unalterably opposed to the employment of Chinese labor in any capacity, while one-fifth of the inhabitants favor coolie labor, and believe in according to Chinese all the rights and privileges of subjects of the most favored nations. The Chinese advocates comprise what is known as the "Old Gang" or railroad crowd, while the anti-Chinese majority embraces a large number of the business men and nearly all the working men of the city. There is an irreconcileable conflict between the majority and minority factions, and the "Old Gang," being in a hopeless minority, nominated no ticket at the recent municipal election, though heretofore they have had things their own way. The present situation is exceedingly unpleasant for Permanent Resident Stewart, now a citizen of Carson and candidate for United States Senator. The Free Lance says some of the leaders of the League seem pleased at the position in which they have placed the ex-Senator. If he opposes the League, its members "will catch him sure, and if he stands in with the League against the railroad crowd that crowd will 'burn him up,' and the interesting question at the capital just now is, whether the Permanent Resident is to be 'enriched' or 'burnt up.'

The New York Star's editorial says: We are glad to be able to announce that ex-President Arthur is out of danger. He had a long and serious illness, and at one time, not many weeks ago, his life was despaired of. Fortunately his illness took a favorable turn, and his physicians now say he is not a victim of serious disease. Whatever convalescence he suffered under, it is said medical science and art at length have triumphed.

Another severe shock of earth quake in San Francisco Wednesday evening, from north to south, lasting ten seconds.

The Popular Vote for President

The popular vote for President from 1824 was as follows.

EMERSON COUNTY ITEMS.

Walker Lake Bulletin, 26th

The big teams are busy hauling ore to the Cat Creek mill.

The water in the lake is now warm enough for bathing.

The gold mines in North Canon, are becoming very interesting.

In the lower levels of the Lapanta, a rich strike has been made.

It is reported that Jake Stock has sold his mine which adjoins the Lapanta for \$3,000. This is but rumor, however.

The Bolwer mill will start up its fifteen stamps on Bolwer ore the 1st of June. From the character of ore to be worked the bullion shipment will be large.

It is rumored that there will be a change in the mail service between here and Bodie about the first of July. Wells, Fargo & Co. will have the control instead of the stage company.

It is reported that there will be a change in the mail service between here and Bodie about the first of July. Wells, Fargo & Co. will have the control instead of the stage company.

As the Enterprise claims it was the vote of J. R. Harvey, of Humboldt County, that decided the holding of the State Convention in favor of Carson, instead of that of R. L. Fulton, of Washoe, as claimed by the Reno Journal—Carson Tribune.

The Enterprise does not make any such claim. Mr. Harvey voted for Elko.

Marshal Dabois and Deputies Green, Grisner, Bassett and Jones left Blackfoot, Idaho, on the morning of May 26th with a carload of Idaho polygamists, sentenced to the House of Correction at Detroit, Michigan. They will run through on a special car via the Union Pacific, Chicago and Northwestern and Michigan Central Railroads.

SAM DAVIS' ADVICE TO POWNING.—The Appeal advises Powning to resign his office of Surveyor General because his commission is held under a Democratic Administration. The Times-Review says: "Christopher, however, is not so hide-bound as Sam Davis, and is willing to sacrifice his political feelings for the good of his country. If Sam Davis had held the office he would have vacated it the very moment the Democratic Administration—bounced him." The Chronicle thinks it would require a drunk to remove the aforesaid Samuel Virginia Chronicle.

HON. T. B. RICE, the leading candidate for the Republican nomination for Governor this Fall in Nevada, was in Carson this morning and departs for Oakland this evening to witness the graduating of his daughter, Miss Nellie, at Field's Seminary—Tribune 24th.

Senator Stewart's office in Printer's Row is fast nearing completion and when finished will be the equal of any in the State of Nevada. Much of the work don't go to so much expense without incurring a permanent residence—Carson Tribune.

Our Carson baseball boys are unanimous in their recognition of the handsome manner in which they were received and entertained by the Reno batters and pitchers.—Index.

TOWN AND COUNTY.

BREVITIES.

Renovate your premises.

Fine weather still continues.

Mrs. Garcia has gone below for her health.

Through freight is not as brisk as it was a week or so ago.

Winnemucca is making preparations to celebrate the Fourth.

The town is full of hard characters that ought to be cleaned out.

Jamison will have a neat little store when he gets settled in the old Savings Bank corner.

The fast melting snow in the mountains still keeps the Truckee river high and the water very muddy.

Another train of excursionists, on their return East, took supper here last evening about half past seven o'clock.

Judge Carey, State Fish Commissioner, sent 3,000 young trout to Fish Lake, Esmeralda county, Wednesday.

The students and teachers of Bishop Whitaker's School for Girls spent yesterday afternoon at Steamboat Springs.

Those having flowers to contribute to the G. A. R. for use to-morrow in decorating the graves of soldiers, should make the fact known to-day.

F. M. Winchell announces himself a candidate for County Clerk of Lassen county, Cal., subject to the decision of the Democratic County Convention.

Manning & Jaques have been three days and nights moving their immense stock of hardware to the Lindley building and haven't got it half moved yet.

A petition is being circulated in Eureka for signatures of citizens, asking of the County Commissioners that a town government be provided for Eureka.

Miss Wolf, the lady who donated \$10,000 towards the starting of Bishop Whitaker's School for Girls, gave her check for \$45,000 at the Easter collection taken at Grace Church in New York.

Parlor cars will be attached to the tourists' train that is to run between Truckee and San Francisco during the summer. When it begins running, the swing train between Sacramento and Colfax will be discontinued.

The shaft of the Silver Conner mine at Eureka has been sunk to the 450 foot level and a drift is being sent out for the vein. The Silver Conner is the property of four miners who have been declaring monthly dividends of \$1,000 each for the past two years.

Madame E. Lassauge, Directress of the Musical College of Southern California, paid this office a visit yesterday. This talented lady intends making an extended visit in Reno for her health, and while she does not desire to overwork herself, will receive a limited number of scholars in French and singing lessons. She can be found at the residence of Mrs. Henry Johnson.

A REQUEST.—The committee of the Grand Army of the Republic, request that all business be suspended to-morrow from one o'clock until five, and stores and shops closed, in honor not only of the soldier dead, but of the personal loved ones who repose in the different cemeteries.

GUARDS ATTENTION!—Members of Reno Guard and Reno Guard Band are hereby ordered to appear at their Armory this evening at 8 o'clock, sharp, in full uniform. By order of

J. F. ALEXANDER, Captain.

W. R. WEBSTER,
Orderly Sergeant.

K. O. P. MEETING.—The members of Amity Lodge, No. 8 K. O. P., are requested to attend their regular meeting this evening, as there will be an election of officers and other important business. By order of S. STANAWAY, C. C.

C. H. STODDARD, Secretary.

We need a bank.—Lake County Examiner.

First newspaper man we ever heard of that had use for a bank.

THE GLORIOUS FOURTH.—The Chronicle insists that Virginia will celebrate the Fourth, and says: Yesterday the initial step was taken toward preparing for celebrating the Fourth of July on the Comstock. The coin collected for testing the constitutionality of the anti-slavery act is now in the hands of Mike Young, Treasurer of the Association. The fund amounts to about \$300, and as it will never be required for the purpose for which it was contributed, Wm. Meadows and others propose to donate it to form the nucleus of a fund to defray the cost of celebrating the 110th anniversary of the Declaration of Independence.

An informal canvass has developed the existence of a general desire among citizens to contribute liberally, with the object of getting up an imposing display on that day on a scale commensurate with the wealth of the community.

Proceedings are to be inaugurated immediately by publishing a call for a mass meeting at an early date. When once it is announced that the Comstockers are moving earnestly in the matter of appropriately celebrating the coming national holiday people from adjoining counties will ignore the one-horse sideshows in their own villages, dignified with the name of celebrations, and prepare to visit the big circus on the Comstock.

THE OME MINE.—J. J. O'Toole, N. Trewick and J. M. Porter, of Salt Lake City, and Professor Foster, of Colorado, have returned to Winnemucca from the Ohio mine at Rebel Creek, whither they went last week to examine the property. Mr. Trewick, who is an experienced mining man, informed a Silver State reporter that he considers the mine a very fine property. The mine is opened by a tunnel to a depth of nearly 400 feet by actual survey on the dip of the vein, and it can be worked by tunnel 400 feet deeper. The ledge is from two to forty feet wide, and there is now some 15,000 tons of ore on the dump, and at least three times as much in sight in the drifts. The ore averages 42 ounces of silver and \$7 in gold to the ton. It is almost wholly free from base metal, and can be worked to a high percentage of its assay value by the ordinary wet process. The owners will probably build a mill on the mine in the near future, though they have not determined upon the time, or the capacity of the mill. Much of the ore has been shipped to Salt Lake, but as the expense of hauling it by teams to this place and shipping it hence by rail is necessarily great, only the highest grade of ore will bear it.

RUMORED ORE STRIKE.—A rumor was current on the streets of Virginia Tuesday that a vein of rich silver-bearing ore six feet wide was uncovered by Mr. Pfeifer, owner of a five-stamp mill near the mouth of Sixmile canyon. The vein is located in the hills on the south side of the road west of the mill. The strike was made at a depth of only six feet below the surface. The vein is said to be six feet wide and to contain so large a percentage of silver that the pure metal can be chipped off with a knife. Numerous extensions have been made north and south of the location of the alleged strike.

ROX OVEN.—Yesterday noon while the V. & T. local train was being switched here, a couple of Indian boys were playing with each other on top of the cars, and in trying to catch the other, one of them missed his hold and fell under a moving car so as to get his right arm run over between the elbow and hand. He was taken to the hospital where Dr. Hogan dressed the crushed arm. This should be a warning to parents whose boys daily jump on and off of the cars being switched despite the efforts of the railroad men to keep them off.

BASE BALL CHALLENGE.—The Resolute Base Ball Club of Virginia City is out with a challenge in the Enterprise to play any club in Nevada for \$100 or \$250 a side. If the Resolutes will continue the selection of their "nine" to actual residents of Virginia, the Tribune has no doubt that the Amateurs of Carson will accept the challenge.

All the ladies willing to take part in preparing the flowers on Memorial Day will please meet in Armory Hall early Saturday morning. Donations of flowers are earnestly solicited. By leaving word at Neeby's they will be sent for.

THE LITTLE GIANT FENCE MACHINE FOR MAKING THE UNIVERSAL COMBINATION FENCE.—DAVID YOUNG, PATENTEE. —Young and Jennings have just received one of those machines for which they have purchased the sole right to manufacture and sell this now universally known and guaranteed to be the best, most durable and portable fence ever manufactured, and peculiarly and especially adapted to fill a long felt want. This fence is needed and in time will be used by everyone that requires a fence, either around the house, garden or ranch. It is cheap, durable and serviceable, to keep in check horses, cattle, sheep, hogs, chickens, etc., and restrain dogs and coyotes, having all the advantages of a picket fence in restraining animals from jumping, and not so liable to decay, and at much less cost, and no barbs to injure valuable stock, thus placing it far in advance of any other fence now in use—hence it is inevitably the fence of the future. Wherever this fence has been introduced it has superceded all others. It stands without a rival, and why? Because it is portable. A half mile of this fence may be taken down and removed in a few hours. The material may be hauled and a large number of stacks fenced in a single day. Fields may be fenced for temporary pasture to turn all kinds of stock, on short notice and but little labor. It is strong—it has been proven by actual test that it is six times stronger than barbed wire. It is durable—it will last three times as long as any other fence. It is hog proof, horse proof, coyote proof, rabbit proof. No fence hitherto tried, except this, will keep sheep in and dogs and coyotes out. It is cheap—in Ohio, Illinois, Missouri and other States where it has been introduced and extensively used it is declared to be from 30 to 40 percent. cheaper than any other fence, and taking into consideration its durability, at least 50 per cent. cheaper. We can refer you to thousands who have used it—this is their testimony. We will be pleased to furnish, upon application, any information desired, and we think that we can demonstrate that our fence is in all that we claim for it. It is the fence.

ADVICE TO MOTHERS.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the cervix, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. (Feb. 21, 1881.)
